ABOUT THE IEI, KOLKATA

The Institution of Engineers (India), Kolkata (IEI) is the National Organization of Engineers in India. It has over one million members in 15 engineering disciplines in 114 centers or chapters in India and overseas. It is the world's largest multi-disciplinary engineering professional society in engineering and technology world. It was established in 1920 in Kolkata. West Bengal and is acclaimed to have pioneered non-formal education in engineering. They conduct an examination of its Associate Membership. This examination is considered to be on par with B.E./B.Tech. When contemplated as an eligibility qualification to write competitive examinations like the Indian Civil Service, GATE, etc., and for employment in Government, public and private sectors in India. Third qualification is recognized by Ministry of HRD, Government of India as equivalent to B.E./B.Tech. The Institution of Engineers (India) was incorporated by Royal charter in 1935.

To Promote the study of Engineering with a view to disseminate the information for facilitating the scientific and economic development of engineering in India, The Institution of Engineers (India) is organizing Lectures, Seminars, Workshops, Indian Engineering Congress, International conferences etc. at various parts of the country. Apart from organizing the technical activities in various engineering disciplines, the Institution has been disseminating the quality information regarding its activities and latest developments in the field Engineering and Technology through IEI News and Technorama. It also publishes and circulates various Journals and Publications to keep its members abreast in the areas of Aerospace, Agricultural, Architectural, Chemical Civil, Computer Science & Engineering, Electrical, Electronics & Telecommunication, Environmental, Marine, Mechanical, Metallurgical & Materials, Mining, and Production & Textile Engineering. They tied up with M/s. Springer (India) Pvt. Ltd, a reputed publishing house to increase the visibility, greater acceptability, impact factor and improved citation index of the Institution Journals.

ABOUT THE COLLEGE

E.G.S. Pillay Engineering College (EGSPEC) is one of the pioneering non-grant engineering colleges in the state. It was established by the G.S. Pillay and Sons Educational and Charitable Trust, Nagapattinam in the year 1995. All courses are affiliated to Anna University, Chennai. Recently, the Institution has been accredited by NAAC with 'A' grade and three of the departments namely EEE, CSE and Mechanical Engineering has been accredited by NBA. EGSPEC has been approved as a Research Centre by Anna University, Chennai for the department of ECE, EEE, CSE and Mechanical. The Institute has various ties up with leading industries through MOU's. It has good academic and placement records.

ABOUT THE DEPARTMENT

Department of Computer Science and Engineering programme was introduced at E.G.S. Pillay Engineering College in the academic year 1995-1996. The demand for computer engineers in software companies, banking sectors and private sectors engaged in developing new trends of software generation is more than the engineers available. Seventeen batches of computer engineering students have passed out from the college. The department has recognized research centre for doing Ph.D./M.S (By Research) and got permanent affiliation from Anna University in the Year 2014-15. The department has highly qualified and experienced faculties. The department has well infrastructural facilities and fully equipped seven laboratories for doing practical and one lab for with adequate hardware and software.
